Software Developer

Accomplished and results-driven Software Engineer with a proven track record in developing secure, scalable, and business-aligned software solutions. Adept at collaborating in cross-functional teams with a proactive and solution-oriented mindset. Eager to contribute to innovative software development projects within enterprise environments, leveraging strong technical and communication skills.

WORK EXPERIENCE

Code Enterprise Pvt Ltd

Blue Area Islamabad • 08/2023 - Present

Software Developer • Full-time

- Spearheaded development of dynamic, high-performance **front-end applications** using **React.js** and **Next.js**, ensuring seamless UI/UX across all devices.
- Expert in modern styling frameworks, including **Tailwind CSS**, **shadcn/ui**, **Material UI (MUI)**, and **Bootstrap**, enabling the creation of clean, scalable, and accessible user interfaces.
- Built and optimized responsive components from scratch using **Tailwind utility-first classes** and design systems like **shadcn**.
- Leveraged **Next.js features** like **App Router**, **SSR**, **SSG**, **ISR**, and **image optimization** to improve SEO and load performance.
- Integrated **RESTful APIs** using **Axios**, and developed scalable back-end services with **Node.js** and **Express.js**.
- Implemented secure **authentication and role-based access control** using **JWT** and **NextAuth.js**.
- Employed **Redux Toolkit**, **Context API**, and **localStorage** for efficient state and session management.
- Utilized **code splitting**, **lazy loading**, and **dynamic imports** to improve load time and performance.
- Experienced in **Docker** for application containerization and consistent cross-environment deployments.
- Familiar with Git workflows, Agile methodologies, and component-driven development using tools like **Figma** and **VS Code**.
- Enhanced development speed and productivity using AI coding assistants such as **Cursor AI**.

Surgengin

Islamabad • 02/2021 - 05/2021

Front End Developer • Internship

- I worked as a UI/UX Designer and Front end Web Developer, leveraging tools such as Adobe XD and Figma to create engaging and intuitive user interfaces.
- I developed and maintained web pages using HTML, CSS, and JavaScript, ensuring a seamless and responsive user experience.
